(g) On the net profits earned on and after January 1, 1971, of all corporations derived from work done or services performed or rendered and business or other activities conducted in the City of Mansfield.

(h) Business Allocation Percentage Formula. (Ohio R.C. 718.02)

(1) In the taxation of income which is subject to municipal income taxes, if the books and records of a taxpayer conducting a business or profession both within and without the boundaries of a municipal corporation shall separately disclose with reasonable accuracy what portion of its net profit is attributable to that part of the business or profession conducted within the boundaries of the municipal corporation, then only such portion shall be considered as having a taxable situs in such municipal corporation for purposes of municipal income taxation. In the absence of such records, net profits from a business or profession conducted both within and without the boundaries of a municipal corporation shall be considered as having a taxable status in such municipal corporation for purposes of municipal income taxation in the same proportion as the average ratio of:

A. The average net book value of the real and tangible personal property owned or used by the taxpayer in the business or profession in such municipal corporation during the taxable period to the average net book value of all the real and tangible personal property owned or used by the taxpayer in business or profession during the same period, wherever situated.

As used in the preceding paragraph, real property shall include property rented or leased by the taxpayer and the value of such property shall be determined by multiplying the annual rental thereon by eight.

B. Wages, salaries, third party sick pay, commissions and other compensation paid during the taxable period to persons employed in the business or profession for services performed in such municipal corporation to wages, salaries, third party sick pay and other compensation paid during the same period to persons employed in the profession, wherever their services are performed.

C. Gross receipts of the business or profession from sales made and services performed during the taxable period in such municipal corporation to gross receipts of the business or profession during the same period from sales and services wherever made or performed. In the event that the foregoing allocation formula does not produce an equitable result, another basis may, under uniform regulations, be substituted so as to produce such results.

(2) As used in subsection (h)(1) hereof, "sales made in a municipal corporation" means:

A. All sales of tangible personal property which is delivered within such

municipal corporation regardless of where title passes if shipped or delivered from a stock of goods within such municipal corporation.

B. All sales of tangible personal property which is delivered within such municipal corporation regardless of where title passes even though transported from a point outside such municipal corporation if the taxpayer is regularly engaged through its own employees in the solicitation or promotion of sales within such municipal corporation and the sales result from such solicitation or promotion.

C. All sales of tangible personal property which is shipped from a place within such municipal corporation to purchasers outside such municipal corporation regardless of where title passes if the taxpayer is not, through its own employees, regularly engaged in the solicitation or promotion of sales at the place where delivery is made.

(i) In the computation of any tax due under this chapter, a business loss of a previous tax year shall not be allowed or carried forward to reduce the tax due in any subsequent tax year.

(Ord. 95-251. Passed 12-19-95.)

191.021 LEVY OF ADDITIONAL TAX.

In addition to the income tax levied pursuant to Section 191.02, there is hereby levied, to provide funds for the purpose of expenses and salaries in the Police and Fire Departments, a tax upon earnings at the additional rate of one-half of one percent ($\frac{1}{2}\%$) upon those items enumerated in Section 191.02.

(Ord. 95-251. Passed 12-19-95.)

191.03 EFFECTIVE DATE.

(a) The tax levied by Section 191.02 shall be levied, collected and paid with respect to salaries, wages, third party sick pay, commissions and other compensation earned on and after January 1, 1971; and with respect to the net profit of business, professions and other activities earned on and after January 1, 1971. Provided however, that where the fiscal year of the business, profession or other activity differs from the calendar year, the tax shall be applied to that part of the net profit for the fiscal year as shall be earned on and after January 1, 1971, to the close of the taxpayer's fiscal year; thereafter the taxpayer shall report on its fiscal year basis.

(b) The tax levied by Section 191.021 shall be levied, collected and paid with respect to salaries, wages, third party sick pay, commissions and other compensation earned on and after April 1, 1988; and with respect to the net profit of business, professions and other activities earned on and after April 1, 1988. Provided, however, that where the fiscal year of the business, profession or other activity differs from the calendar year, the tax shall be applied to that part of the net profit for the fiscal year as shall be earned on and after April 1, 1988, to the close of the taxpayer's fiscal year; thereafter the taxpayer shall report on its fiscal year basis.

(Ord. 95-251. Passed 12-19-95.)

191.04 RETURN AND PAYMENT OF TAX.

(a) Each resident of the City, being eighteen years of age or older,

shall, on or before April 15, 1989, and on or before April 15 of each year thereafter, make and file an annual return with the Finance Director on a form obtainable from the Director, setting forth the aggregate amount of salary, wages, third party sick pay or other compensation and net profits earned by him during the preceding year or period, whether a tax be due thereon or not, together with W-2, federal schedules and other pertinent information as the Director may require. Provided, however, that when the annual return is made for a fiscal year or other period different from the calendar year, the return shall be made within 105 days from the end of such fiscal year or other period. If such resident is retired and has no earned income, he shall register with the Director as a retired resident; therefore, annual returns shall not be expected. Thereafter, a resident registered as retired shall update his status if he receives taxable income per this chapter.

(b) Each nonresident of the City earning wages, salary, commissions, third party sick pay or other taxable income under Section 191.02 shall file a tax return according to the provisions of subsection (a) hereof disclosing only those moneys earned within the City. However, the return of an employer showing the amount of tax deducted by such employer or employers from the salaries, wages, third party sick pay, commissions or compensation of any employee, and paid by him or them to the Director shall be accepted as the return required of any such employee whose sole income subject to the City income tax herein, is such salaries, wages, third party sick pay, commissions or other compensation.

(c) The returns required by subsections (a) and (b) hereof shall also show the amount of the tax imposed on such earnings and profits. The taxpayer making the return shall, at the time of the filing thereof, pay to the Director the amount of taxes shown as due thereon. Provided, however, that where any portion of such tax is by such taxpayer pursuant to the provisions of Section 191.05 and/or Section 191.06, credit for the amount so paid shall be deducted from the amount shown to be due and only the balance, if any, shall be due and payable at the time of filing the annual return.

(d) Upon written request of the taxpayer, the Director may extend the time for filing the annual return for a period of not more than six months or not more than thirty days beyond any extension requested of and granted by the Internal Revenue Service for the filing of the federal income tax return.

(e) A tax in the amount of three dollars (\$3.00) or less shall not be collected or refunded, provided that this subsection is not applicable to taxes collected at the source under the provisions of Section 191.05, and provided further that nothing in the subsection dispenses with any requirement of this chapter relating to the filing of declarations, returns and questionnaires.

(f) Commencing with taxable years beginning subsequent to December 31, 1994 the net loss from an unincorporated business activity may not be used to offset salaries, wages, commissions or other compensation. However, if a

taxpayer is engaged in two or more taxable business activities to be included in the same return, the net loss of one unincorporated business activity (except any portion of a loss separately reportable for municipal tax purposes to another taxing entity) may be used to offset the profits of another for purposes of arriving at overall net profits.

(g) If a net operating loss has been sustained in any taxable year such losses may not be carried forward or backward to any other taxable year.

(h) Affiliated corporations may not deduct a loss from any other corporation having a taxable profit and operations of any affiliated corporation having a loss may not be taken into consideration in computing net profits or business allocation percentage formula.

Within thirty days of receiving a tax refund from another municipality for which credit has been claimed on a taxpayer's City return, as permitted by Section 191.07 such taxpayer shall make and file an amended City return and pay any additional tax shown thereon.

(Ord. 95-251. Passed 12-19-95.)

191.05 COLLECTION AT SOURCE.

Each employer who employs within the City one or more persons on a salary, wage, commission, third party sick pay or other compensation basis, excluding exempted incomes set forth in Section 191.14, shall deduct at the time of the payment of such salary, wage, commission, third party sick pay or other compensation, the tax due from the employee and shall make a return and pay to the Finance Director the amount of taxes so deducted as follows:

(a) In monthly payments to be made not later than ten days following the last day of each month during which tax has been withheld or required to be withheld, or

(b) In quarterly payments, if the number of employees withheld is ten or less, to either be made not later than thirty days following the last day of the month closing each calendar quarter, or ten days following the last day of the month closing each calendar quarter, at the option of the employer.

(c) Upon the determination and finding by the Director that monthly or quarterly payments would result in a delay that might jeopardize collection of tax withheld, he may order that payment of the tax be made weekly, and such payment shall be made within seven days following the close of the period for which the jeopardy payment is made. Such an order shall be delivered to the taxpayer personally or by certified mail and remains in effect until the Director notifies the employer to the contrary.

Such return shall be on a form prescribed and furnished by the Director. Such employer, in collecting the tax, shall be deemed to hold the same as trustee for the benefit of the City until payment is made by such employer to the City and any such tax collected by the employer from his employees shall, until the same is paid to the City, be deemed a trust fund in the hands of such employer.

The officer or employee having control or supervision of or charged with the responsibility of filing the report and making payment, is personally liable for failure to file the report or pay the tax due as required by this chapter. The dissolution of a corporation does not discharge an officer's or

employee's liability for a prior failure of the corporation to file returns or pay tax due. (Ord. 99-134. Passed 6-15-99.)

191.06 DECLARATION.

Every taxpayer who anticipates any income which is not subject to the provisions of Section 191.05 hereof shall file a declaration of the estimated tax for the taxable year. Such declaration shall be filed on or before April 15, 1971; and thereafter a similar declaration shall be filed for each calendar year on or before April 15 of the ensuing year for the duration of the taxes referred to herein, by all such taxpayers.

Such declaration shall be filed upon a form prescribed and furnished by the Finance Director which form may simply state that the figures used in making such declaration are the figures used in making the declaration of the estimate for the Federal Income Tax, provided that it is understood that such figures may be modified according to the provisions of this chapter so that the declaration required by this section shall set forth only such income as is taxable under the provisions of this chapter.

The declaration to be filed on or before April 15th of each year shall be accompanied by payment of at least one-fourth of the estimated annual tax, and at least a similar amount shall be paid on or before June 30th, September 30th, and December 31st of such year. Provided, however, that such estimate may be amended at the time of the making of any quarterly payment, and further provided that on or before April 15th of the year following that for which declaration was filed, an annual return shall be filed and any balance which may be due to the City of Mansfield shall be paid therewith. Should it appear that such taxpayer has paid more than the amount of tax to which the City of Mansfield would be entitled, a refund of the amount overpaid shall be made, or the same may be applied toward the declaration of tax due for the ensuing year. Claims for refunds shall be made on forms prescribed by and obtainable from the Finance Director.

A declaration of estimated tax which is less than eighty percent (80%) of the tax as shown on the annual return shall be subject to penalties and interest as provided for in Section 191.10. (Ord. 95-251. Passed 12-19-95.)

191.07 CREDIT FOR TAX PAID TO OTHER MUNICIPALITIES.

Every individual taxpayer who resides in the City of Mansfield, but who receives net profits, salaries, wages, third party sick pay, commissions or other personal service compensation. for work done, or services rendered outside of said City, if it be made to appear that he has paid a municipal income tax on such net profits, salary, wages, third party sick pay, commissions or other compensation to another municipality, shall be allowed a credit on the tax imposed by this chapter of the amount so paid by him or on his behalf to such other municipality. The credit shall not exceed one percent (1%) on such net profit, salary, wages, third party sick pay, commission or compensation earned in such other municipality or municipalities where such tax is paid. Provided: The credits established by this section shall be allowable to a taxpayer only to the same extent that such other municipality or municipalities grant reciprocal credits to their residents who receive net profits, salaries, wages, third party sick pay, commissions or other personal service compensation, for work done or

services performed or rendered outside of such other municipality or municipalities.

(Ord. 95-251. Passed 12-19-95.)

Thereafter, the employment level of the first base year shall be recalculated without regard to the rule in the immediately preceding sentence.

exceeds the base year level, the taxpayer shall be entitled to an income tax credit for such increased employment levels as set forth in subsection (b) hereof. Any person, firm or corporation who shall knowingly fail, neglect or refuse to make any return, questionnaire, declaration or make any return required by this chapter; or any taxpayer who shall willfully refuse, neglect or fail to pay the tax, penalties and interest imposed by this chapter; or any person, firm or corporation who shall refuse to permit the Finance Director, or any duly authorized agent or employee, to examine his books, records and papers, or who, after having been duly served with process by the Finance Director, shall fail to appear and/or be examined in accordance with such process; or who shall knowingly make any incomplete, false or fraudulent return, or who shall attempt to do anything whatever to evade the payment of the whole or any part of the tax, shall be guilty of a misdemeanor of the third degree. Each offense shall be deemed a separate violation. The failure of any employer or taxpayer to receive or procure a return, questionnaire or declaration form shall not excuse him from making a return, questionnaire or declaration or from paying the tax.

No person, firm or corporation who has withheld income tax from its employee shall fail to remit said withholding tax to the City within the guidelines set forth in Section 191.05. Whoever violates this section shall be guilty of a misdemeanor of the third degree.
