September 20, 2011 - Mayor Culliver Mansfield Utility Bills Now On-Line

Mansfield, Ohio – Mansfield Mayor Donald R. Culliver today announced the City of Mansfield has completed Phase Two of Three Phases of the Utilities Collection Department Technology Upgrade Project.

Last year the City completed Phase One with the installation of remote water/sewer meters throughout the community. This Phase not only increased efficiency and billing accuracy but also provided the foundation for wireless downloads directly to the system in the coming months.

Phase II, announced today allows residents to go on-line and check their bill, run history for their property and review payments made.

The next and final Phase of this project will be on-line bill pay which is expected by the end of this year.

According to Mayor Culliver the project will save the city thousands of dollars short term and hundreds of thousands in the not too distant future.

Residents may access the system by going to the City Web Page at : www.ci.mansfield.oh.us and clicking “How Do I View My Water/Sewer Bill”.
