Subject: Announcement of "Online Purchase Exchange Zone"

Mansfield, OH--

On Wednesday morning July 8, 10:00AM, Mayor Tim Theaker is proud to announce the designation of an "Online Purchase Exchange Zone" to be located in the lower east parking lot at the Municipal Building; at the corner of Third St. and Adams. This has transpired at the request of a local on-line group that make purchases and sell items. There has been much concern with finding an area that is open to the public, and where citizens can transfer small items without suspicion of unlawful acts. The locations that are currently in use will remain, and Mayor Theaker is pleased to offer this area as another option, if needed. The chosen location was decided upon after reviewing the community of Toledo, which has implemented a similar exchange zone, and it has been said to be very successful. If there are any questions, please call Director Cope at the number listed above.
