Subject: End of Hooked on Fishing-Not Drugs

Mayor Theaker and the Parks Department are announcing the Hooked on Fishing – Not Drugs program will end on Thursday, August 11th, 2016. This program was a success again this year with over 300 attendants who were afforded the opportunity to learn the fundamentals of fishing and the dangers of drugs.

Mayor Theaker and the Parks Department would like to thank the Richland County Foundation for their generous donation making this program possible for our youth.
