Subject: City of Mansfield Hammond Avenue Area and West Temple Court Sanitary Sewer Improvements

Mansfield, Ohio--

Mayor Theaker announces the City of Mansfield will be replacing existing Sanitary Sewers on West Temple Court, Hammond Avenue, Swanger Avenue, Minerva Avenue, Bradford Avenue and Schmidt Street beginning January 19th, 2015. It is the intent of the project to limit impact to the traveling public and adjacent property owners during construction. Thru traffic will be closed inside the project area. Drivers are advised to use caution during construction of the Sanitary Sewer Improvements and utilize alternate routes to reach your destination whenever possible.

The proposed Sanitary Sewer Improvement project is anticipated to be completed by May 2015.

Your continued cooperation and patience during construction of this important project is appreciated.

If you have any questions, please contact the City Engineering Department at 419-755-9702.
